

MISSION POSSIBLE: INDIA

Project Profiles 2018-19

PROJECT ENACT – VIDYASHILP ACADEMY

This team worked with Shastri School for the Deaf and Dumb in Bangalore. Upon speaking with the students, teachers and caretakers of the school, the team found that the school needed help with infrastructural support and in procuring some basic necessities, including clean drinking water, benches, and books. Therefore, the team went about raising funds and procuring the materials that the school required to create a better environment so the students could receive a better education.

Project Objectives:

- Create better environment for the students to study
- Provide clean drinking water
- Provide resources to make their daily lives better

Activities:

- Raised about INR 48,000 through door-to-door campaigning and also received in-kind donations in the form of blankets and books
- Used the funds to procure and install a new water purifier, benches, books, steel plates, first aid kits, etc.
- Negotiated with various vendors and sellers to procure quality products at a reasonable price

Results:

- Students have a better learning environment because of new benches, books, and hygienic kitchenware
- Students have access to clean drinking water because of the water purifier

Next Steps: The team plans to keep in touch with the school via phone, text and also plans to visit every few months
