

MISSION POSSIBLE: INDIA

Project Profiles 2017-18

TOGETHER WE CAN - VIDYASHILP ACADEMY

Conscious of the critical role partnerships play in achieving the sustainable development goals (SDGs), this team worked towards creating awareness about the SDGs with corporate organizations. This was done with a view to encourage private companies to disburse their corporate social responsibility (CSR) funds more meaningfully. They supported other Mission Possible groups financially by connecting them to companies that were able to provide financial and technical support.

Project Objectives:

- Educate corporate organizations about the SDGs so they are more aware while disbursing their CSR funds
 - Support other Mission Possible groups by connecting them to companies who would provide financial and technical support
 - Facilitate partnerships between change makers and funders
- Activities:**
- Visited sites of various Mission Possible projects to figure out which one was in most need of help
 - Met with multiple companies to establish partnerships and educate about the SDGs
 - Established partnership with the company Group Pharmaceuticals
 - Collaborated with the Mission Possible group working at Angel's Orphanage and the company sponsor to improve infrastructure at orphanage

Results:

- Built a dining-cum-study area for the children at the orphanage
- Cleaned and established a hygienic kitchen by providing shelves and painting the space
- Facilitated a strong partnership between the corporate donor and the orphanage for future collaboration

Next Steps: These Agents of Change are looking forward to forging partnerships with other companies going forward. They are already in talks with HMS InfoTech and hope to partner with more companies to spread the word about the SDGs
