CSO Workshop, SDG 16 Plus Forum
Fabrica
Elaboration of Electronic Monitoring System for SDGs

- IDFI is working together with the AoG to develop electronic monitoring platform for SDGs that will be utilized by the AoG
- Initially only for SDG 16
- International expert on Monitoring and Evaluation for elaboration of monitoring methodology, selection of supplementary indicators for the targets and drafting scorecard and metadata forms for each indicator

Reporting Process:
- At the first stage of monitoring government agencies will provide information on each component of SDG 16, according to the national indicators;
- At the second stage the AoG processes the data and information received
- At the third stage the AoG will publish reports on the webpage connected to the EMS and will make it publicly available
- For efficient utilization of the System the civil servants will be trained after launch of the EMS
Incorporation of the SDGs in national development frameworks

- GoG has opted for vertical and horizontal integration of the strategic planning frameworks;
- The process of defining adjusted SDG targets and relevant indicators has drawn on a set of strategic and multi-sectoral development documents adopted in Georgia in recent years, especially:
  - EU-Georgia Association Agenda
  - Social and Economic Development Strategy “Georgia 2020”
  - National Strategy for the Protection of Human Rights in Georgia
- Government intends to re-utilize the adjusted SDG targets and indicators in upcoming sectoral strategic documents.

SDG Council Georgia

- SDG Council is composed of the representatives of public agencies, UN and EU representation in Georgia.
- The CSOs are allowed to participate in the work of the Council without voting right.

- Serve as the primary body providing strategic input and policy guidance on the implementation of the 2030 Agenda in Georgia.
- Coordinate interagency issues associated with the implementation of SDGs.
- Adopt decisions on updating and extending SDGs, SDG indicators, and the SDG national document.
- Continue to incorporate SDGs into Georgia’s national policies.
- Establish and oversee thematic working groups to support the strategic planning, integrated implementation, and effective monitoring of assigned SDGs and related thematic fields.
- Discuss recommendations of international organizations in the process of implementation of sustainable development goals and reaching respective decisions.
- Facilitate and oversee the publication of Georgia’s National Voluntary Reviews/reports in concert with SDG Working Groups.
- Report directly to the Prime Minister of Georgia.
Awareness Rising Campaign

- Public Lectures in Seven Regions of Georgia;
- Workshops for CSOs and Media;
- Essays and Visualization Contest;
- Informative Video for Social Network and TV Channels.
