

Achieving a Just Transition towards environmentally sustainable economies and societies for all

Discussion Point No. 1: How can a just transition be advanced across ILO Member States?

Discussion Point No. 2: What should the roles of governments and employers' and workers' organizations be in ensuring that communities and people affected by a transition to environmentally sustainable economies is a just transition?

Discussion Point No. 3: What should the strategy of the ILO be to assist in achieving a just transition? How can the ILO play a central role in coordinating a just transition?
