PP3 quater

PP3 quinquies

5. ADD AN ALTERNATE VERSION OF A PARAGRAPH

There are different types of alternated paragraphs.

One type of alternate paragraph occurs when a delegate wants to delete a paragraph and replace it with a new paragraph.

A second type of an alternate paragraph maintains some of the wording of the original paragraph but makes some revisions in how the idea is expressed. See example below:

OP 3 *Requests* the Secretary-General to submit a concise report on the implementation of the present resolution, which neither duplicates nor summarizes other reports, and decides to include in the provisional agenda the item entitled “Follow-up to and implementation of the outcome of the International Conferences on Financing”

OP 3 ALT Norway: *Requests* the Secretary-General to submit a note at its seventy-second session on the implementation of the present resolution and decides to include in the provisional agenda the item entitled “Follow-up to and implementation of the outcome of the International Conferences on Financing,” unless otherwise agreed in the revitalization of the Second Committee;

If the paragraph that is being proposed is completely different and adds new content that is not replacing an existing paragraph to the resolution, it should be entered as a new paragraph as illustrated in example #5.

6. MOVE A PARAGRAPH TO ANOTHER PLACE IN THE RESOLUTION

PP6 *Emphasizing* the need to link policies on economic, social and environmental development to ensure that all people benefit from economic growth... [PERU MOVE PP6 between PP1 and PP2]

7. MERGE TWO PARAGRAPHS INTO ONE

OP25 *Recognizes* the need for the international financial institutions to promote gender mainstreaming in their programs including job creation in accordance with national priorities;

OP26 *Urges* donors and invites international financial institutions, within their respective mandates, and regional development banks to ensure that a higher proportion of resources reaches women and girls; [US MERGE OP 25 and 26]
